Dear Applicant:

On May 2, 2006, the applicant as addressed above was sent a letter outlining the following issue:

We are currently processing your above-referenced application. Our records indicate that the "Ground Level Above Mean Sea Level" is 558 meters for the specified coordinates; however, when you filed the application, you have indicated this height as 465 meters.

The applicant was given the opportunity to file a minor amendment to resolve the above specified deficiency within (30) days from the date of that letter. If not so amended, your application will be considered incomplete and subsequently dismissed.

Our records show that no amendment has been filed to resolve the issue as outlined above; therefore, the above-referenced application is considered incomplete and IS **HEREBY DISMISSED**.

Sincerely
