American Educational Broadcasting, Inc. 1185 South Highland Drive, Suite 13 Las Vegas, NV 89109

> Re: KQNV (FM), Fallon, NV American Educational Broadcasting, Inc. Facility Identification Number: 176348 Special Temporary Authority BESTA-20161129AGF

Dear Licensee:

This is in reference to the request filed November 29, 2016, on behalf of American Educational Broadcasting, Inc. ("AEBI"). AEBI requests a third extension of the June 1, 2015 special temporary authority ("STA") to operate KQNV with temporary facilities. AEBI explains that the station is working out issues for permanent facilities on the tower, and is considering alternate locations also. The STA extension permits the station to continue to serve its community of license until a permanent solution can be implemented.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station KQNV may continue to operate with the following facilities:

Geographic coordinates:	39° 54′ 36″ N, 118° 55′ 18″ W (NAD 1927)
Channel	210C1 (89.9 MHz)
Effective radiated power:	1.62 kilowatts (H&V)
Antenna height:	
above ground:	122 meters
above mean sea level:	1653 meters
above average terrain:	294 meters
Antenna Structure Registration No.	1264251

AEBI must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on June 6, 2017.

Sincerely,

Del Bick

Dale Bickel Senior Engineer Audio Division Media Bureau
