In re: K292GQ, McCleary, WA
BMPFT-20161207ABQ
Facility ID No. 146938

Dear Applicant:

This letter refers to the above-captioned translator application for K292GQ, McCleary, Washington.

Our study of the application reveals that it is in violation of Section 74.1201(g) of the Commission's Rules. Section 74.1201(g) states that the coverage contour of an FM translator rebroadcasting an AM radio broadcast station as its primary station must be contained within the lesser of the 2 mV/m daytime contour of the AM station and a 25-mile (40 km) radius centered at the AM transmitter site. The proposed coverage contour (60 dB μ) of the translator is not contained within the lesser of the 2 mV/m daytime contour of KGTK(AM), and a 25-mile (40 km) radius centered at KGTK's transmitter site. Therefore, the application will be dismissed.

In light of the above, the application BMPFT-20161207ABQ filed by Northwest Rock n Roll Preservation Society, is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

for James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau
