Re: WWCU(FM), Cullowhee, North Carolina (Fac. ID No. 71766)
Section 73.1350(h) Control Point Notification

Dear Ms. Dortch:

Pursuant to Section 73.1350(h) of the Commission's rules, this letter shall serve as notification that the above-referenced noncommercial, educational radio station has established a new transmission system control point.

Effective as of October 19, 2016, the transmission system for WWCU will have a control point at 233 Stillwell Building, 246 Central Drive, Cullowhee, North Carolina 28723 (which will serve as the station's new main studio).

The Station is also still able to be controlled at its transmitter site, which is at 1113 Mahogany Lane, Sylva, North Carolina 28779, and will also be able to be controlled from a second studio location at Room G3 of the Old Student Union, Cullowhee, North Carolina 28723. (We notified the Commission of this change in October 2016, but one of the addresses in the October 14, 2016, notification letter contained an error.)

In addition, a password-protected system permits the licensee's authorized operators to control WWCU remotely from virtually any location via remote control software operable on secure mobile devices such as a smartphone.

Please contact the undersigned should any questions arise in connection with this matter.

Sincerely,

BROOKS, PIERCE, McLENDON,
HUMPHREY & LEONARD, L.L.P.
