Re: Request for Waiver of an Auction 83 FM translator Construction Deadline for  
K240ER (formerly K293BY), facility ID 156952 per FCC 15-142, MB Docket No. 13-249 and  
reinstatement of construction permit

Dear Ms. Dortch:

According to FCC 15-142, the Commission has suspended its rules per 47 C.F.R. §1.3 regarding construction periods for FM translators. The Commission has stated, "Accordingly, we find that a waiver of an Auction 83 FM translator construction deadline is presumptively in the public interest for applicants participating in one of the modification windows, provided that the AM station licensee proposing to use the FM translator for rebroadcast".

One Ministries, Inc. kindly requests a waiver for the construction period of K240ER (formerly K293BY), facility ID 156952 at this time.

Since the Commission rules have been waived to serve in the public interest, One Ministries, Inc. kindly requests that the construction permit of K240ER be reinstated. It was an oversight that a tolling request was not requested previously. We had inadvertently expected the tolling to be automatic. The construction permit for K240ER was granted October 11, 2016 and the permit was revoked December 9, 2016 due to the applicant not previously requesting an extension. Since the Commission's rules have been waived in the public interest, this same waiver should give the Commission authority to also allow the permit to be reinstated two months after it was cancelled. One Ministries, Inc. is a small non-commercial broadcaster.

Sincerely,

Keith Leitch  
President, One Ministries, Inc.
