Re: WTLN (AM), Orlando, FL
Facility Identification Number: 48731
Pennsylvania Media Associates, Inc. (PMA)
Special Temporary Authorization (STA)
BESTA-20170214AAR

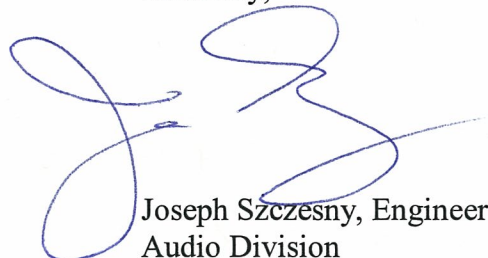

Dear Mr. Henderson:

This is in reference to the request filed on February 14, 2017. PMA requests a further extension of the STA granted on July 28, 2010, to operate with increased nighttime power to overcome interference from CMBD, La Habana, Cuba (with no change to the licensed daytime operation).¹ In support of the request, PMA confirmed that the interference continues.

Accordingly, the request for extension of STA is hereby GRANTED, and PMA may continue to operate station WTLN with a maximum night nominal power of 10 kW. It will be necessary to reduce power or cease STA operations if complaints of interference are received. PMA must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. This authority will terminate automatically upon cessation of the unregistered operation by station CMBD, or by Commission notice to PMA to resume licensed nighttime operations.

This authority expires on **September 14, 2017**.

Sincerely,

Joseph Szczesny, Engineer
