Re: CBS Radio Stations Inc. (CBS)
KXST(AM), North Las Vegas, NV
Facility Identification Number: 47745
Special Temporary Authority (STA)
BESTA-20170301ACP

Dear Mr. Nass:

This is in reference to the request filed on March 1, 2017. CBS requests an extension of the STA granted on March 11, 2016, to continue operating with parameters at variance to allow time to complete all work and file the required FCC Form 302 application to update all operating parameters.¹ In support of the request, CBS states that it plans to complete all work next month.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and CBS may continue to operate with parameters at variance and/or reduced power while maintaining monitor points within licensed limits. CBS must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's

¹ KXST(AM) is licensed for operation on 1140 kHz with 10 kW day (ND), and 2.5 kW night (DA).

exposure guidelines. *See* 47 CFR § 1.1310. CBS must file one final STA extension on the expiration date shown below (unless a new license has already been granted).

This authority expires on **September 24, 2017**.
