In re: WELL-FM, Waverly, AL  
Facility ID No. 64562  
Alabama Christian Radio, Inc.  
BPED-20170124AAT

Dear Applicant:

This letter refers to the above-captioned minor change application to modify the effective radiated power and the directional antenna pattern.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.509 with respect to the co-channel Class A construction permit (BPED-20140828ACC) of WEYY(FM), Tallapoosa, GA. Specifically, the proposed interfering contour (40 dBu) would cause prohibited overlap to the protected contour (60 dBu) of WEYY by approximately 1 kilometer between the azimuths from 6°T to 8°T. This constitutes an acceptance defect.

In light of the above, Application BPED-20170124AAT is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci  
Assistant Chief  
Audio Division  
Media Bureau
