ATTN: Chief, Audio Division  
Media Bureau

**SUPPLEMENT TO EMERGENCY PETITION FOR RELIEF**

Nelson Rodriguez (“Rodriguez”), licensee of full power FM station WJES, Maysville, Georgia (Facility ID #198772), by counsel, hereby submits this Supplement to the Emergency Petition for Relief he filed on March 21, 2017 in connection with destructive interference caused by FM translator station W265AV to WJES.

On March 24, 2017, Neil Hopper informally circulated a Declaration to Commission staff and the undersigned in response to Rodriguez’s Petition. Mr. Hopper is the president of the licensee of W265AV, Immanuel Broadcasting Network, Inc. Submitted herewith is a new Declaration from Rodriguez responding to Mr. Hopper’s Declaration.

Most notably, Rodriguez observes that Mr. Hopper’s commitment to reduce the effective radiated power of W265AV by 20% has had no discernable beneficial effect on the WJES signal. Rodriguez is unable to determine whether or not the 20% reduction in ERP for W265AV was implemented. The overwhelmingly destructive interference continues. Rodriguez’s observation is substantiated by 15 new additional statements from listeners in the WJES listening area that are

submitted with this pleading. All of these statements are dated after March 24, the date on which Mr. Hopper said that the translator's power was being reduced..

Interference to the reception of WJES continues unabated. It appears that the licensee of W265AV is unwilling to eliminate that interference voluntarily. Rodriguez requests that the Commission urgently take appropriate steps to enforce Section 74.1203 of its rules and bring W265AV into compliance.

Respectfully submitted,

NELSON RODRIGUEZ

By:   
Donald E. Martin

**DECLARATION OF NELSON RODRIGUEZ**

## DECLARATION OF NELSON RODRIGUEZ

Nelson Rodriguez deposes and states as follows:

I am the licensee of FM broadcast station WJES, Maysville, Georgia (Facility ID #198772). I filed with the FCC an Interference Complaint on February 3, 2017, and an Emergency Petition for Relief on March 21, 2017, in both of which I presented evidence that FM translator station W265AV is causing interference to WJES.

On March 24, 2017, a Declaration was submitted to the FCC by Neil Hopper, the president of the licensee of W265AV, Immanuel Broadcasting Network, Inc. I wish to provide the following responses to Mr. Hopper's Declaration.

As Mr. Hopper states, he and I met on March 7, 2017 to investigate the interference matter. We compared signal reception at two points in the WJES listening area, with W265AV operating at various levels of power. The quality of the reception of WJES was substantially reduced at all levels of power for the translator. Only when W265AV was off the air did the WJES signal come in clearly. When W265AV was silent, there was no other perceptible interference to WJES. There is no other actual interference that can be heard with the human ear. Mr. Hopper suggests that additional monitoring of the local spectrum by an engineer would be useful. However, this does not appear to be necessary or useful in view of the fact that the WJES signal could be heard perfectly, without interference, when W265AV was silent.

After sampling the WJES signal at two locations, I suggested we visit more sites, but Mr. Hopper declined to do that. Therefore, to get the benefit of results at a third site, I telephoned my daughter at her home, which is also in the WJES listening area, to get information about reception there. She reported similar levels of destructive interference to WJES. From this it appears that Mr. Hopper determined that I had drafted my family members to provide interference complaints. My daughter did provide an interference complaint statement. She is the only relative who did so. Aside from being my daughter, she is also a bona fide listener to WJES.

Mr. Hopper states that I told him that all of the people who signed interference complaints submitted with my pleadings were either my relatives or members of my congregation. I did not make that statement. Further, it is not true. With the submission of this Declaration, I will have provided 56 interference complaints signed by WJES listeners. Of that number, 22 individuals are not members of my congregation. However, all 56 are bona fide listeners to WJES.

Mr. Hopper states that it is curious that so many listeners could identify W265AV as the source of the interference since the translator generally broadcasts a station identification only three times per day. However, aside from the station ID announcements, W265AV is easily

identifiable as the source of Immanuel Broadcasting Network programming. There is no other apparent source of Immanuel's programming on a local FM channel with an interference relationship with WJES.

Mr. Hopper states that the effective radiated power for W265AV was reduced by 20% on March 24. As of the date of this Declaration, the substantial destructive interference to WJES continues. This reduction in the translator's power has not resulted in any improvement in the reception of WJES.

The foregoing statement is based on my personal knowledge, is true and correct, and is given under the penalty of perjury.

**WJES LISTENER INTERFERENCE COMPLAINTS**

INTERFERENCE COMPLAINT

My name is Luis Gonzales. I reside at the following address:

122 SAINT AUGUSTINE DR. SUWANEE GA 30024

I am a regular listener of WJES. In my recent attempts to listen to WJES, I have experienced interference from another radio station on the same frequency, W265AV.

This interference occurred at:

My residence at the address shown above.

My place of employment at the following address; \_\_\_\_\_

\_\_\_\_\_

Other, at the following address: \_\_\_\_\_

\_\_\_\_\_

This statement is given under the penalty of perjury.

Name (printed): LUIS GONZALES

Signature: Luis Gonzales

Date: 3/25/17

**INTERFERENCE COMPLAINT**

My name is Romel Bazile. I reside at the following address:  
571 Georgia Circle

I am a regular listener of WJES. In my recent attempts to listen to WJES, I have experienced interference from another radio station on the same frequency, W265AV.

This interference occurred at:

My residence at the address shown above.  
 My place of employment at the following address; \_\_\_\_\_  
 Other, at the following address: 910 Athens Hwy  
Lawrenceville GA, 30057

This statement is given under the penalty of perjury.

Name (printed): Romel Bazile  
Signature: \_\_\_\_\_  
Date: 3/25/17

**INTERFERENCE COMPLAINT**

My name is JUAN REYES. I reside at the following address:  
4141 OAK FIELD DR Loganville, GA 30052

I am a regular listener of WJES. In my recent attempts to listen to WJES, I have experienced interference from another radio station on the same frequency, W265AV.

This interference occurred at:

- My residence at the address shown above.
- My place of employment at the following address; 910 ATHENS HWY, LOGANVILLE GA 30052
- Other, at the following address: \_\_\_\_\_

This statement is given under the penalty of perjury.

Name (printed): JUAN REYES  
Signature: [Handwritten Signature]  
Date: 25 MARCH 2017

**INTERFERENCE COMPLAINT**

My name is Asuncion NDONG - I reside at the following address:

152 Howe Lane, MANEL Logansville GA 30052

I am a regular listener of WJES. In my recent attempts to listen to WJES, I have experienced interference from another radio station on the same frequency, W265AV.

This interference occurred at:

My residence at the address shown above.

My place of employment at the following address; \_\_\_\_\_

Other, at the following address: \_\_\_\_\_

This statement is given under the penalty of perjury.
