**Re: Notice of Temporary Silent Status  
K233BU, White Center, Washington (FIN 149900)**

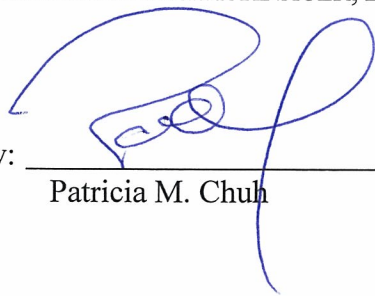

Dear Ms. Dortch:

Bonneville International Corporation (“Bonneville”), the licensee of FM translator station K233BU, White Center, Washington (FIN 149900), by its attorneys, hereby notifies the Commission that K233BU went off air on February 23, 2017.

Bonneville acquired the FM translator from KMIH. Org Radio Booster Club on February 23, 2017 (see FCC File No. BALFT-20161117AAV). Bonneville is in the process of constructing the modified K233BU translator facilities authorized in construction permit file no. BPFT-20161118AAE. Once construction of these modified facilities are completed, Bonneville will resume operation of the translator upon the filing of a covering license application. Should K233BU not resume operations within 30 days, an appropriate request for special temporary authority for K233BU to remain silent will be filed.

Should any questions arise, please contact the undersigned.
