**Subject:** RE: Waiver request

Michael:

I'm back.

Yes. KTSN-FM (note the slightly new call letters) and KCTI-FM are the parent stations. As to your other question, the waiver request recites:

Sun Radio will establish a toll-free number that will permit residents of the station's service areas in general, and the communities of license in particular, to contact the Sun Radio headquarters without long-distance charges. Sun Radio also will maintain copies of the local public inspection files of the stations at convenient locations in the communities of license of the Stations where their contents will be accessible during regular business hours. Sun Radio also regularly will send representatives to the communities of license to meet with citizens and community leaders on a quarterly basis to ascertain the needs and interests of the communities and the surrounding areas.

So Sun Radio's efforts to ascertain the needs and interests of the satellite communities will not be affected by the grant of this waiver.

Let me know if you need anything else.
