Re: WMSP(AM), Montgomery, Alabama
Facility Identification Number: 12316
Cumulus Licensing LLC
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed January 8, 2007, on behalf of Cumulus Licensing LLC ("Cumulus"). Cumulus requests extension of the special temporary authority ("STA") granted on July 5, 2006, to operate Station WMSP during nighttime hours with facilities other than the licensed nighttime facilities.¹ In support of the request, Cumulus states that it expects to complete modification of its nighttime facilities and file a license application in March, 2007.

Our review indicates that License BL-20070319ACV was granted on July 12, 2007. Thus, STA is no longer necessary.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau

cc: Cumulus Licensing LLC

¹ WMSP is licensed for operation on 740 kHz with 10 kilowatts daytime and 0.173 kilowatt nighttime, employing different directional antenna patterns during daytime and nighttime hours. (DA-2-U).
