1. Station location:	St.	Maries,	Idaho
----------------------	-----	---------	-------

2. Main Studio locati (Listed only if not at transmitter site or not within boundaries of principal community)		3. Remote control location:	1525 Main Street St. Maries, Idaho
4. Transmitter locatio	<sub>n:</sub> 120 Riverlawn St. Maries, Idaho	North latitude : $47 \circ$ West longitude: $116 \circ$	

5. Transmitter(s): Type Accepted. (See Sections 73.1660, 73.1665 and 73.1670 of the Commission's Rules.)

6. Antenna and ground system: Vertical, guyed, series excited, steel radiator of uniform cross section 190 feet (0.24 wavelength) in height (193 feet overall). Theoretical Efficiency is 302.6 mV/m/kw @ 1 km. Ground system consist of 120 buried copper wire radials 200 feet.

7. Obstruction marking and lighting specifications — FCC Form 715, paragraphs: None required.

8. Frequency (kHz.): <u>1240</u>

9. Nominal power (kW): \_\_\_\_\_ Day \_\_\_\_ Day

Antenna input power (kW): 1.0 ————————————————————————————————————	X Non-directional antenna: current 4.47	amperes; resistance 50.0 ohms. amperes; resistance ohms.
0.5Night	<ul> <li>✗ Non-directional antenna: current 3.16</li> <li>□ Directional antenna : current</li> </ul>	amperes; resistance 50.0 ohms. amperes; resistance ohms.

10. Hours of operation: Specified in construction permit (BP-860603AB)

11. Conditions:

Dated:

Permittee shall accept such interference as may be imposed by other existing 250 watts Class IV stations in the event they are subsequently authorized to increase power to 1000 watts.

The Commission reserves the right during said license period of terminating this license or making effective any change, or modification of this license which may be necessary to comply with any decision of the Commission rendered as a result of any hearing held under the rules of the Commission prior to the commencement of this license period or any decision rendered as a result of any such hearing which has been designated but not held, prior to the commencement of this license period.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934, as amended. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934, as amended.
