Dear Mr. Nguyen and Mr. Szczesny:

This letter is being provided on behalf of "97.5 License TX LLC", licensee of **KAMA(AM)**, El Paso Texas (FCC Facility ID Number 36948). Station KAMA had been operating under Special Temporary Authority granted in FCC File Number BESTA-20170509AAA pending completion of necessary repairs.

Based upon information supplied by this station's engineer, Mr. Glenn Leffler, proper operation has been restored for the daytime and nighttime KAMA directional antenna arrays; the station is now operating in accordance with the terms of its license.

All antenna monitor parameters have been returned to within licensed limits, and all monitor point values are below their licensed maximum limits. As such, there is no further need for the STA.

Please refer any further questions to me. I thank you for your assistance in this matter.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "G. Cavell", is positioned above the printed name of the consultant.
