Re: CC Licenses, LLC (CCL)
WREC(AM), Memphis, TN
Facility Identification Number: 58396
Special Temporary Authority (STA)
BESTA-20170626AAO

Dear Mr. Davis:

This is in reference to the request filed on June 26, 2017. CCL requests a final extension of the STA granted on April 24, 2014, to operate with DA parameters at variance or ND using reduced power pending the grant of the new license application (BMML-20170713AIO).¹ In support of the request, we note the application remains pending before the Commission at this time.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and CCL may continue to operate with DA parameters at variance and/or reduced power if needed based upon the information submitted in BMML-20170713AIO. It will be necessary to further reduce power or cease operation if complaints of interference are received. CCL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of

¹ WREC(AM) is licensed for DA operation on 600 kHz with 5 kW (day and night) using different patterns.

the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 25, 2018**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.
