Re: Radio Station WBNZ (FM), Frankfort, MI (FAC # 57414);
Response to FCC Letter dated May 26, 2016 (Ref. 1800B3-VM)

Dear Madam Secretary:

On behalf of Roy E. Henderson, ("Henderson") the Licensee of Radio Station WBNZ (FM), Frankfort, Michigan (FAC # 57414) ("Station" or "WBNZ"), we hereby respond to the FCC Letter dated May 26, 2016 (Ref. 1800B3-VM) ("Letter")¹. In the Letter, the Audio Division Staff states that their records indicate the Station has been Silent since January 21, 2015 and, that given this silent status, the Station's license has expired as a matter of law pursuant to Section 312(g) of the Communications Act.

The information pertaining to Henderson's Station is in error. The Station had in fact returned to the air February 19, 2015. Due to a clerical error, it appears that Henderson did not notify the FCC of the WBNZ on air status. An "on-air" notice has now been filed electronically to reflect that proper date.

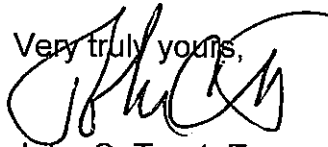

The Licensee can definitively state that the Station has at no time been silent for more than one year. Enclosed herewith please find the following Declarations: Licensee Roy E. Henderson; Station Manager, Tina Langley; Station Consulting Engineer, Dan Hills; and former Station Manager, Brenda Culbertson. Attached to Ms. Langley's Declaration, the Licensee has provided among other things- the Station's EAS logs, utility bills, issues/programs lists, programming logs and samples of advertising orders and payments made to the Station for said orders.

The information provided herein is clear and convincing evidence that Radio Station WBNZ (FM) has been operational since February 19, 2016.

¹ The FCC staff graciously granted this Counsel a thirty-day extension on which to respond to the Letter.

Marlene H. Dortch, Secretary
Federal Communications Commission
July 22, 2016
Page 2

If the staff should require any further information pertaining to the Station, Please feel free to contact this office.

Very truly yours,

John C. Trent, Esq.
Counsel to Roy E. Henderson

cc w/enc: Victoria McCauley, FCC (via e-mail)

DECLARATION OF ROY E. HENDERSON

I, Roy E. Henderson, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. I am the Owner of Radio Station WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)(“WBNZ”).
2. Other than brief periods of maintenance and for a short period in January of 2015 due to pipe bursting and flood of our main studios, WBNZ has not been silent for more than one year.
3. Attached hereto are multiple declarations and information which address the on air status of WBNZ.

The foregoing was signed this 21st day of July, 2016.

Roy E. Henderson, Owner

DECLARATION OF TINA LANGLEY

I, Tina Langley, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. I am the Station Manager for Radio Stations WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ" or "Station"), WLDR-FM, Traverse City, Michigan and WARD (AM), Petoskey, MI (FCC Facility ID No. 79338) (together the "Stations"). These Stations are operated together and are simulcast under the slogan "101.9 the Bay".

2. I can state definitively that other than brief periods of maintenance and for a short period in January of 2015 due to pipe burst in the Station main studios, WBNZ has operated continuously and at no time has it been silent for more than one year. As evidence of the Station's "on-air status", I have attached hereto numerous exhibits identified below.

3. Attached hereto as Exhibit 1, please find attached the Declaration of our Station Consulting Engineer Dan Hills. Mr. Hills confirms the Station on air status.

4. Attached hereto as Exhibit 2, please find attached the Declaration of our former Station Manager Brenda Culberston. Ms. Culberston confirms the Station on air status.

5. Please find attached hereto as Exhibit 3, the EAS log samples for the Stations from May 2015 to December 2015. .

6. Attached hereto as Exhibit 4, please find attached the Issues/Programs List for the Stations from the first quarter of 2015 thru the fourth quarter of 2015.

7. Attached hereto as Exhibit 5, please find a Letter Agreement and e-mail exchange between Roy Henderson and the Benzie County Road Commission. This Letter and e-mail exchange pertains to an Agreement regarding WBNZ and additional power charges. The Road Commission now covers the power at the tower site. This confirms operation.

8. Please find attached hereto as Exhibit 6, a sampling of our main studio power bills with Traverse City Light & Power. These bills cover periods from February 2015 to January 2016. This confirms operation.

9. Attached as Exhibit 7 are a sampling advertising orders and payments which have been written with advertisers for periods throughout 2015 and certain customer billing logs summaries for the Stations.

10. Attached hereto as Exhibit 8 is a sampling of our programming logs for a sample period of April 1, 2015 thru April 26, 2015. These logs reflect programming and advertising spots run for that period.

11. The Stations have a Facebook page at www.facebook.com/101.9fmthebay/ . We have posted hundreds of comments 2015.

12. I believe my Declaration with the exhibits provided clearly provided definitive evidence that Radio Station WBNZ has been operating since February 19, 2015.

The foregoing was signed this 20 day of July, 2016.

Tina Langley, Station Manager

Exhibit 1

DECLARATION OF DAN HILLS (Contract Engineer, dB Technical Services, LLC)

I, Dan Hills, declare under the that the following is true and correct to the best of my knowledge and belief.

1. I have provided Engineering Services and Technical Support (by contract) to Radio Station WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ" or "Station").
2. I began providing various technical services to WBNZ (as well as other Stations operated by Mr. Roy Henderson) during the month of August , 2013 and have remained on retainer by the company to assist in various technical matters up to, and including, the present date.
3. On January 21, 2015, we had water pipes burst at our studios which are collocated with WBNZ's sister station (rebroadcast via off-air receive) WLDR-FM. The water damage was repaired and we returned WBNZ to the air on February 19, 2015.
4. I can state that other than brief periods of maintenance, during various technical issues, and for a short period in January of 2015 due to water damage in the main studios, the Station has operated continuously and at no time has it been silent for more than one year. WBNZ's main transmitter (as well as most of the three-phase power wiring in the building, including a buried utility cable) was badly damaged by a lightning-related power surge that occurred during the month of April, 2015. WBNZ has been forced since then to utilize a lower-powered transmitter, capable of being powered safely by a single-phase circuit that was previously installed by the Benzie County Road Commission at the tower location. Earlier this spring (approximately the beginning-of-April, 2016), it was noted that WBNZ was no longer performing nearly as well as it had been over the past year or so (given the unavoidable circumstances; luckily the station is situated in very close proximity to its city-of-license). As the problem worsened, it was discovered that WBNZ's air-dielectric transmission line had become impregnated by water (likely due to an arc-through-hole in the antenna from the lightning-damage). The (ever-increasing) water was drained from the transmission line in early July, 2016, and the performance of the station since then has returned to its previous level.

The foregoing was signed this 13th day of July, 2016.

Dan Hills, Contract Engineer for WBNZ
dB Technical Services, LLC.

Exhibit 2

DECLARATION OF BRENDA CULBERSTON

I, Brenda Culbertson, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. I am the former Station Manager of Radio Station WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ" or "Station").
2. I began working for WBNZ on May 28, 2013 and have remained employed by the company until April 2016.
3. On January 21, 2015, we had water pipes burst at our studios which are collocated with WBNZ's sister station WLDR-FM. The water damage was repaired and we returned WBNZ to the air on February 19, 2015.
4. I can state definitively that other than brief periods of maintenance and for a short period in January of 2015 due to water damage in the main studios, the Station has operated continuously and at no time has it been silent for more than one year.

The foregoing was signed this 15th day of July, 2016.

Brenda Culbertson, Former Station Manager

Roy Henderson
Great Northern Broadcasting

Great Northern Broadcasting has permission to utilize the Benzie County Road Commission's power source at the radio tower at 1532 Forrester, owned by Great Northern Broadcasting.

Great Northern Broadcasting agrees to pay for additional electrical service if there is a noticeable increase in KWHs used for the period of April 29, 2015 through May 31, 2015.

Great Northern Broadcasting will disconnect electrical service by June 1, 2015.

Hi Roy,

Here is the agreement. Please let us know when you disconnect from our service box.

Thank you,

Kathy

Guys,

I reached an agreement with the Benzie County Road Commission. As you recall, the power bill was quite high and was shut off for a period of time. The road commission had to take a generator out to keep their stuff operating. It was fairly costly in terms of man hours and fuel. A discussion has taken place to have them continue with the current lease as agreed, but assume the cost of their power. They have agreed to those terms. They will be paying to power their gear as well as the hospitals, the lights in the building and the tower lighting. The net savings to us is about \$80.00 month, approximately \$1000.00 a year. It also removes another hassle from our daily operations. We did not touch whatever agreement you have for the lease, just moved the cost to them. They are happy with the agreement as it gives them control of their equipment.

Respectfully,

David W. Barr
