**In re: K240BS, Pahrump, Nevada**  
Facility ID No. 57734  
Silent Since December 1, 2004  
Notification of License Expiration

Dear Mr. Kaminski:

Section 312(g) of the Communications Act, 47 U.S.C. Section 312(g), provides that "if a broadcasting station fails to transmit broadcast signals for any consecutive 12-month period, then the station license granted for the operation of that broadcast station expires at the end of that period, notwithstanding any provision, term, or condition of the license to the contrary."

Our records indicate that the station referenced above has been silent since at least December 1, 2004. Therefore, the station's license expired as a matter of law at 12:01 A.M., December 2, 2005. Unless we receive documented evidence within 30 days of the date of this letter that our records incorrectly reflect the operational status of the station and that, in fact, the station returned to the air at some time between December 1, 2004, and 12:01 A.M. on December 2, 2005, the Commission's public and internal databases will be modified to indicate that the broadcast license for the referenced station IS EXPIRED, that the station's license IS CANCELED as a matter of law, and that the station's call sign IS DELETED. Additionally, the pending application, BALFT-20050601BNQ, to assign the license of K240BS will be dismissed.

Finally, we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the station's tower be maintained until the tower is dismantled. Accordingly, the owner of the tower where the referenced station's transmitting antenna is located is required, pursuant to 47 U.S.C. Section 303(q), to maintain the tower in the manner prescribed by our rules and the terms of the cancelled license. See 47 C.F.R. Sections 17.1 *et seq.* and 73.1213. See also, *Streamlining the Commission's Antenna Structure Clearance Procedure*, WT Docket No. 95-5, 11 FCC Rcd 4272 (1995).
