Application BPED-20070907AEC

Dear applicant:

Application BPED-20070907AEC was dismissed by the staff on October 11, 2007 for prohibited contour overlap under Section 73.509 of the Commission's rules with respect to KPGR, Pleasant Grove, UT. In response, you timely filed a petition for reconsideration concurrent with a minor change amendment to reduce power.

We agree that the reduced power eliminates the prohibited contour overlap. Accordingly, pursuant to the procedures set forth in the Commission's August 2, 1984 public notice,¹ the petition for reconsideration IS GRANTED and application BPED-20070907AEC, as amended, IS REINSTATED. Further, as this application is now acceptable for filing, application BPED-20070907AEC IS GRANTED.

Sincerely,

Dale E. Bickel
