Dear Staff:

Calvary Chapel of Twin Falls, Inc. respectfully notifies the Commission that WYJC Greenville, Facility ID 122010, is currently operating at a reduced power fluctuating between 492-500 watts TPO since 8/18/17. Normal TPO is 826 watts. The site received a lightning strike that has damaged the P-TEK transmitter and a Crown 500 was installed until repairs are made on the P-TEK. If normal operations have not resumed within the specified 30 days an STA request to remain operating at reduced power will be electronically filed.

Sincerely,

Lois Mills  
Applications Technician
