Urban Radio Licenses, LLC
134 South Dixie Highway, Suite 206
Hallandale Beach, FL 33009

Re: Urban Radio Licenses, LLC (URL)
WLAY(AM), Muscle Shoals, Alabama
Facility Identification Number: 60611
Special Temporary Authority (STA)
BESTA-20170914ABP

Dear Mr. Kidd:

This is in reference to the request filed on September 14, 2017. URL requests a further extension of the STA granted on August 6, 2010, to continue operating from an alternate site pending the filing of the required FCC Form 302 license application to cover BP-20170106ABO.¹ In support of the request, we noted that URL has not yet filed the license application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

We note that the previous STA expired on July 25, 2017, yet our review indicates that the

¹ WLAY is licensed for 1 kW unlimited ND operation on 1450 kHz, and BP-20170106ABO authorizes ND operation from a new transmitter site to be co-located with station WVNA.

circumstances presented warrant grant of this STA in order to provide service to the public. However, in light of the lapse of time between the expiration of the prior STA and the filing of the instant request, the authority granted herein will not cover that time period, and is without prejudice as to whatever action the Commission may take with respect to that operation.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and URL may continue to operate with the following facilities:

Geographic coordinates:	34° 44' 13" N, 87° 42' 15" W (NAD 1927)
Frequency:	1450 kHz
Hours of operation:	Unlimited
Operating power:	Not to exceed 0.06 kW
Antenna type	Long wire

It will be necessary to reduce power or cease operation if complaints of interference are received. URL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **April 18, 2018**.

Sincerely,

Joseph Szczesny, Engineer
Audio Division
Media Bureau
