In re: K210DF, Lake Jackson, TX
BPFT-20170808AAW
Facility ID # 122072

Dear Applicant:

This refers to the above-captioned FM translator application for K210DF, Lake Jackson, Texas.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to KSBJ(FM), Humble, Texas (BPED-20170824ABA). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 40 dBu interference contour overlaps with the 60 dBu protected contour of the construction permit for KSBJ(FM). This violation was not addressed.

In light of the above, the application BPFT-20170808AAW is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
