Re: FRC of Alabama, LLC D/B/A
Focus Radio Communications (FRC)
WTKI(AM), Huntsville, AL
Facility Identification Number: 30965
Special Temporary Authority (STA)
BESTA- 20170926AAX

Dear Mr. Holland:

This is in reference to the request filed on September 26, 2017. FRC requests an extension of the STA granted on March 31, 2017, to continue operating with from an alternate site location to allow time to file the required FCC Form 301 and 302 applications for a new permanent facility (due to loss of the licensed site).¹ In support of the request, FRC stated that additional time is needed to file the applications.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and FRC may continue to operate with the following facilities:

¹ WTKI(AM) is licensed for ND operation on 1450 kHz with a power of 1 kW (day and night).

Geographic coordinates	34° 43' 43" N, 86° 36' 01" W (NAD 1927)
Frequency	1450 kHz
Hours of operation	Unlimited
Operating power	0.55 kW
Antenna type	169 foot long wire antenna
Antenna height above ground	Wire strung between poles at 54 feet above ground

FRC must further reduce power or cease operation if complaints of interference are received, and must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR 1.1310.

This authority expires on **March 1, 2018**.

Sincerely,

Joseph Szczesny, Engineer
Audio Division
