Re: Monticello Media LLC (MML)
WCHV(AM), Charlottesville, VA
Facility Identification Number: 19838
Special Temporary Authority (STA)
BESTA-20171005AAS

Dear Mr. Reed:

This is in reference to the request filed on October 5, 2017. MML requests a second extension of the STA granted on September 22, 2016, to continue ND operation to allow time to file the required FCC Form 302 application to update all operating parameters (after completing equipment and ground system repairs).¹ In support of the request, MML states that additional time will be needed to file the application (or to propose other permanent modifications to the antenna system).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and MML may continue to operate ND using tower #3 with a maximum of 1.25 kW day and 0.625 kW at night. MML must further reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. MML must file

¹ WCHV(AM) is licensed for DA operation on 1260 kHz with 5 kW day and 2.5 kW night, using different patterns.

the 302 application after completing all repairs. Otherwise an FCC Form 301 application must be filed to make other changes (if MML has decided not to restore the facility as shown on the last license).

This authority expires on **May 6, 2018**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a cursive 'S' and 'Z'.
