Re: Seattle FCC License Sub, LLC (SFL)
KKNW(AM), Seattle, WA
Facility Identification Number: 57834
Special Temporary Authority (STA)
BESTA- 20171117AAB

Dear Mr. Jones:

This is in reference to the request filed on November 17, 2017. SFL requests a second extension of the STA granted on November 17, 2016, to continue operating with parameters at variance due to on-going construction of a new rail system.¹ In support of the request, SFL states that additional time will be required pending completion of the rail project.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and SFL may continue to operate with day and night parameters at variance and/or reduced power while maintaining nighttime monitor points within licensed limits. It will be necessary to further

reduce power or cease operation if complaints of interference are received. SFL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **June 11, 2018**.

Sincerely,
