Re: WNTM (AM), Mobile, Alabama  
Facility Identification Number: 8695  
CC Licenses, LLC  
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed August 10, 2007, on behalf of CC Licenses, LLC ("CCL"). CCL requests further extension of the special temporary authority ("STA") granted on October 18, 2005, to operate Station WNTM (formerly WPMI) with emergency antenna facilities pursuant to Section 73.1680.<sup>1</sup> In support of the request, CCL states that it had filed Application BP-20021010AAH, to relocate the station's transmitter; that the application was dismissed by the staff and that it has filed an Application for Review of the staff's action.

Our review indicates that the circumstances presented warrant grant of STA in order to provide for service to the public.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WNTM may continue to operate during nighttime hours with an emergency nondirectional antenna and reduced power not to exceed 0.25 kilowatt. It will be necessary to further reduce power or cease operation if complaints of interference are received. CCL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **July 18, 2008**.

Sincerely,

Charles N. Miller, Engineer  
Audio Division  
Media Bureau

cc: CC Licenses, LLC

---

<sup>1</sup> WNTM is licensed for operation on 710 kHz with 1 kilowatt daytime and 1 kilowatt nighttime, employing a directional antenna during nighttime hours only (DA-N-U).
