### Extension of Special Temporary Authority For a Radio Broadcast Station

Audio Division, Media Bureau

**Date:** April 11, 2018  
**File Number:** BESTA-20180330ABV  
**Call Sign:** K202CT (FX)  
**Facility ID Number:** 81204

An extension of the Special Temporary Authority granted 1/3/2018 under file number BSTA-20180330ABV, IS GRANTED, subject to all the terms and conditions specified in the original STA authorization.

This extended authority expires **July 11, 2018**. This 90 day STA period is specified because the service contour of the STA operation does wholly lie within the licensed 60 dBu service contour. Extensions may be requested if there is no interference.

Authorized by: Dale Bickel [dale.bickel@fcc.gov](mailto:dale.bickel@fcc.gov)  
Senior Electronics Engineer

A copy of this e-mail will be posted in the FCC's CDBS database under the file number above.  
Please retain a copy of this authorization for your records.

-----  
Considerations:

Licensee must take all steps to ensure that workers and the public are not exposed to radiofrequency exposure in excess of the Commission's exposure limit.

This Special Temporary Authority does not supersede any non-FCC-regulated requirements applicable to the STA-authorized facility. The licensee remains solely and wholly responsible for maintaining compliance with such requirements.

Requests for extension of STA may be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.
