MEMORANDUM OPINION AND ORDER

Adopted: June 1, 2018

Released: June 1, 2018

By the Chief, Audio Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (Bureau) has under consideration the captioned transfer of control and assignment applications, as amended, (Transfer Applications and Divestiture Applications, respectively)¹ filed by wholly-owned subsidiaries of Cumulus Media, Inc., Debtor-in-Possession (Cumulus).² The Transfer Applications request Commission consent to implement the Joint Plan of Reorganization of

¹ The Transfer Applications were filed on March 22, 2018, and accepted for filing on March 29, 2018. *See Broadcast Applications*, Public Notice, Report No. 29203 (Mar. 29, 2018). The Divestiture Applications were filed on March 26, 2018, and accepted for filing on March 30, 2018. *See Broadcast Applications*, Public Notice, Report No. 29204 (Mar. 30, 2018). A list of the stations that are the subject of the proposed transfers and assignments and, for each, its call sign, community of license, facility ID number and assignment or transfer application file number, is attached as the Appendix.

² *See* 47 U.S.C. § 310(d).

Cumulus Media Inc. and its Debtor Affiliates pursuant to Chapter 11 of the Bankruptcy Code³ by which Cumulus Media Inc., Debtor-in-Possession (“Cumulus”) and certain of its direct and indirect subsidiaries will emerge from bankruptcy as reorganized entities. Each of the Transfer Applications requests Commission consent to the transfer of control of Cumulus license subsidiaries from the shareholders of Cumulus to the new shareholders of Cumulus (Reorganized Cumulus) in connection with the Reorganization. The Bureau also has before it a Petition to Deny the Transfer Applications (Petition), filed on April 30, 2018, by WGH Communications, Inc.⁴ As described below, we treat the Petition as an Informal Objection and deny it, and grant the Merger and Divestiture Applications subject to certain conditions.⁵

II. BACKGROUND

2. *The Transaction.* Under the Plan, Cumulus proposes to cancel existing debt of Cumulus and to issue, in exchange therefor, among other things, securities in Reorganized Cumulus, which securities shall consist of a combination of (i) Class A Common Stock, which will entitle holders to vote for directors of Reorganized Cumulus, (ii) Class B Common Stock, which will not entitle holders to vote for directors of Reorganized Cumulus, and (iii) Special Warrants which will be exercisable for common stock of Reorganized Cumulus subject to certain conditions. Upon Cumulus’ emergence from bankruptcy, all of the existing capital stock of Cumulus will be cancelled, and all of the new stock will be distributed to holders of debt and other creditors of Cumulus and/or their designees. Following the Transfer of Control, no single person or entity, or group of commonly-controlled persons or entities, will hold a controlling interest in Reorganized Cumulus. Cumulus’ current President and Chief Executive Officer Mary G. Berner will continue to serve in that same capacity upon emergence.

3. Cumulus currently exceeds the local radio ownership rule limit in Section 73.3555(a)(1) of the Commission’s rules (Rules)⁶ in four Markets.⁷ Cumulus’ ownership of those stations is grandfathered pursuant to Note 4 of Section 73.3555.⁸ Note 4 permits existing over-limit station combinations to continue until certain events occur, in which case grandfathering terminates and the licensee must come into compliance with the multiple ownership limits of Section 73.3555(a).⁹ The filing of a long-form transfer of control application, such as the Transfer Applications, is one of these triggering events.¹⁰ In order to comply with the local radio ownership rule, the Parties have filed the Divestiture Applications seeking consent to the assignment of four station licenses (Trust Stations) to the Mainstay

³ See Transfer Applications, Exh. 7, First Amended Joint Plan of Reorganization of Cumulus Media Inc. and its Debtor Affiliates Pursuant to Chapter 11 of the Bankruptcy Code (Joint Plan) and Supplements thereto. The United States Bankruptcy Court for the Southern District of New York approved the Joint Plan on May 10, 2018. *Cumulus Media Inc. et al.*, Findings of Fact, Conclusions of Law, and Order Confirming the Debtors’ First Amended Joint Chapter 11 Plan of Reorganization, Case No. 17-13381 (SCC) (Bankr. S.D.N.Y. May 10, 2018) submitted in Exhibit 7 of the Transfer Applications.

⁴ Cumulus filed an Opposition to the Petition on May 10, 2018.

⁵ On April 4, 2018, Cumulus filed: (1) an application (File No. BALH-20180404AAI) seeking Commission consent to the assignment of the license of Station WKQX(FM), Chicago, Illinois, from Merlin Media License, LLC to Cumulus’ subsidiary Radio License Holdings LLC; and (2) an application (BTCH-20180404AAK) for transfer of control of Radio License Holdings LLC that mirrors the Radio License Holdings LLC transfer application pending before us, BTC-20180322ALP. Those applications remain pending.

Station Trust LLC (MST).¹¹ Cumulus also requests that any Commission approval of the Transfer Applications include authority for the shareholders of Reorganized Cumulus to acquire control of: (1) any authorization issued to Cumulus or its subsidiaries relating to their broadcast businesses while the Transfer Applications are pending before the Commission and during the period required for consummation of the Transfer of Control; and (2) any applications filed by Cumulus or its subsidiaries relating to their broadcast businesses that are pending at the time of consummation. It claims that such action would be consistent with prior Commission decisions.¹²

4. *Petition to Deny.* On April 30, 2018, WGH, an unsecured creditor of Cumulus in the bankruptcy proceeding, filed the Petition. WGH observes that the Comprehensive Exhibit filed with the Transfer Applications anticipates the filing of a request for declaratory ruling that Cumulus be permitted to exceed the 25% foreign ownership limitation in Section 310(d) of the Communications Act of 1934, as amended (Act).¹³ WGH argues that allowing up to 100% foreign ownership of Cumulus would be contrary to the public interest and that the Transfer Applications therefore should be denied.¹⁴ It states that granting the Transfer Applications will either result in additional foreign ownership or the issuance of Special Warrants to acquire Cumulus stock that can never be converted because so doing would violate the foreign ownership provisions of the Act; WGH argues that the public interest, as well as that of WGH, would be better served with an alternative plan to emerge from bankruptcy that would not require a request for waiver of Section 310(b)(4).¹⁵ Finally, WGH complains that Cumulus has not provided the Commission with information about the full extent of its current foreign ownership, nor has it provided any information about what nations this foreign ownership comes from. WGH states that it is critical for security concerns to know this information before determining whether to grant the Transfer Applications.

¹⁶

¹¹ The Divestiture Applications originally also included Station KJMO(FM), Linn, Missouri. The Bureau's analysis revealed that, even with the divestiture of Station KJMO(FM) to MST, Cumulus would still violate Section 73.3555(a)(1) in the Columbia, Missouri, market, as it would continue to own 5 FM stations in that 18-station Nielsen Market, one station over the limit set by Section 73.3555(a)(1). Cumulus resolved this issue by discontinuing the operation of station KZJF(FM), Jefferson City, Missouri on May 25, 2018 and surrendering that Station's license for cancellation. See Comprehensive Exhibit, Section IV, para. 3, and *Letters to Albert Shuldiner, Chief, Audio Division, Media Bureau from David D. Burns* (dated May 23, 2018, and May 25, 2018). Consequently, Cumulus amended its proposal to indicate that it would not divest Station KJMO(FM). Comprehensive Exhibit at p.8, n13. The Bureau staff has cancelled the KZJF(FM) station license and deleted its call sign, see *Broadcast Actions*, Public Notice, Report No. 49249 (to be released Jun. 4, 2018), and will dismiss the KJMO(FM) Divestiture Application (BALH-20180326ABY) upon the release of this *Order*.

¹² Application, Comprehensive Exhibit at 2-3, n.4, citing *Applications of AT&T Inc. and Celco Partnership d/b/a Verizon Wireless*, Memorandum Opinion and Order, 25 FCC Rcd 8704, 8773, ¶ 165 (2010); *SBC Communications Inc. and AT&T Corp. ¹³ Petition at 2, 6, citing 47 U.S.C. § 310(d). WGH acknowledges that the "Equity Allocation Mechanism" submitted as Exhibit A of the Reorganization Plan states (and specifies steps to ensure) that the foreign ownership of the licensee subsidiaries will not exceed 22.5% for purposes of the Transfer Applications, but still indicates that the Comprehensive exhibit "makes no mention" of the 20% direct foreign ownership limitation in Section 310(b)(3) of the Act and "whether or not Applicants are capable of making a showing that they will not run afoul of that subsection." Petition at 6. This claim requires no further discussion. The licensee companies here are wholly owned subsidiaries ultimately of Cumulus Media, Inc., so only Section 310(b)(4) is applicable.

5. In its Opposition, Cumulus states initially that, as an unsecured creditor, WGH has no standing to challenge the Transfer Applications.¹⁷ Thus, Cumulus claims the Petition at most constitutes an Informal Objection under Section 73.3587 of the Rules.¹⁸ Substantively, Cumulus argues that WGH, as an unsecured Cumulus creditor in the bankruptcy proceeding, is attempting to manipulate the Commission's processes in order to create leverage for its claims, which should be addressed by the Bankruptcy Court, not the Commission. Cumulus states that WGH has put forth no allegations of fact which would make a *prima facie* case that grant of the Transfer Applications would not serve the public interest,¹⁹ and its primary argument – that foreign ownership of Cumulus should not be permitted to exceed 25% – should be addressed in the context of any subsequent Petition for Declaratory Ruling under Section 310(b)(4) of the Act, not in the context of the Transfer Applications.²⁰

III. DISCUSSION

6. Section 310(d) of the Act provides that no station license shall be transferred or assigned until the Commission determines that the public interest, convenience, and necessity will be served.²¹ In making this assessment, the Commission must first determine whether the proposed transaction would comply with the Act, other applicable statutes, and the Rules.²² If the Commission is unable to find that the proposed transaction serves the public interest, or if the record presents a substantial and material question of fact, Section 309(e) of the Act requires that the applications be designated for hearing.²³

7. *Petition.* Initially, we find Cumulus to be correct that, as a Cumulus creditor, WGH does not have standing to file a petition to deny the Transfer Applications.²⁴ Accordingly, we will treat the Petition as an informal objection under Section 73.3587 of the Rules.²⁵

8. Pursuant to Section 309(e) of the Act,²⁶ informal objections, like petitions to deny, must provide properly supported allegations of fact that, if true, would establish a substantial and material question of fact that grant of the application would be *prima facie* inconsistent with Section 309(a) of the

¹⁷ Opposition at 3, citing *CBS Radio Stations Assignor*, Memorandum Opinion and Order, 22 FCC Rcd 20058, 20061 (MB 2007) (*CBS*). Cumulus also argues that the Petition is procedurally defective because it was not served on the Cumulus counsel filing the Opposition. Opposition at 4. However, WGH served Cumulus' in-house counsel listed in the Transfer Applications as Cumulus' contact representative. That is sufficient under the Rules. 47 C.F.R. § 1.47.

²¹ Section 310(d) requires that the Commission consider any such applications as if the proposed transferee were applying for the licenses directly. 47 U.S.C. § 310(d). *See, e.g., SBC Communications Inc. and AT&T Corp. Applications for Approval of Transfer of Control*, 20 FCC Rcd 18290, 18300, para. 16 (2005) (*SBC-AT&T Order*).

²⁴ *See, e.g., CBS*, 22 FCC Rcd at 20061, para. 4 (“It is well established that standing is accorded to persons not for the protection of their private interests, but only to vindicate the public interest. Consistent with this principle, creditors are generally not permitted to participate in an application proceeding solely on the ground that they have a financial stake in the survival of the parties.”) (citations omitted).

Act.²⁷

9. WGH has failed to meet that burden here. The gravamen of its objection is that the Commission should not allow Cumulus' foreign ownership to exceed the statutory 25% benchmark in Section 310(b)(4) of the Act. As correctly observed by Cumulus, that issue is not yet before the Bureau. WGH may raise this argument in connection with Cumulus' anticipated Petition for Declaratory Ruling under Section 310(b)(4), and it will receive full consideration there. With respect to WGH's offhand assertion that Cumulus has not provided the Commission with information about the full extent of its current foreign ownership, nor has it provided any information about what nations this foreign ownership comes from, we note that Cumulus certified in the Transfer Applications that the proposal complied with Section 310(d) of the Act, and it has provided a mechanism pursuant to which it intends to ensure that its foreign ownership will not exceed 22.5%, at least until the resolution of any subsequent Petition for Declaratory Ruling. Absent the submission of any properly supported facts that raise an issue as to the validity of the certification, the Commission may properly rely on an applicant's affirmative certification under penalty of perjury that the applicant complies with the foreign ownership provisions of Section 310(b) of the Act.²⁸

10. *Pending License Renewal Application.* The license renewal application of Cumulus Licensing LLC FM Translator Station W255CJ, Atlanta, Georgia,²⁹ remains pending as of this date. Commission policy permits the processing of multi-station, multi-market transfer of control applications that involve a subset of stations with pending renewal applications if: (1) there are no basic qualifications issues outstanding with respect to the transferor and transferee; and (2) the transferee explicitly agrees to stand in the shoes of the transferor in any renewal proceeding that is pending at the time of consummation of the transfer of control.³⁰ Transferees have agreed to succeed to the transferors' position with respect to any future renewal proceeding consistent with the procedures set forth in *Shareholders of CBS Corporation*.³¹

11. *Divestiture Trust Stations.* To ensure compliance with the local radio ownership rule, we impose a condition requiring that Cumulus' assignment of the Trust Stations to MST pursuant to the

Such certification is now and will continue to be required in connection with the application process."). See also *BBC License Subsidiary, LP*, Order, 10 FCC Rcd 2458 (MMB 1994) (rejecting argument that application should not be accepted for filing because, *inter alia*, it did not enable the Commission to determine whether the licensee complies with the alien ownership provisions of Section 310(b) of the Act; Bureau "retain[ed] the right ... to request further information" from the applicant or any other persons or entities it deemed to be parties to the application).

²⁹ File No. BRFT-20111201PCV. WKNG, LLC, filed a Petition to Deny the application on February 24, 2012, engendering a host of responsive pleadings.

³⁰ See, e.g., *Shareholders of CBS Corporation*, Memorandum Opinion and Order on Reconsideration, 16 FCC Rcd 16072, 16072-73 (2001) (Commission will grant transfer of control applications during the pendency of renewal applications so long as there are no basic qualification issues pending against either the transferor or the transferee that could not be resolved in the context of the transfer proceeding, and the transferee "explicitly assents to standing in the stead of the transferor in the renewal proceeding").

³¹ See Transfer Applications, Comprehensive Exhibit, page 5, Section I.C.

Divestiture Applications occur prior to or simultaneously with the consummation of the transfer of control. Additionally, we require MST to assign the licenses of the four trust stations to an unaffiliated buyer within two years and to provide the Commission with a detailed explanation of its efforts to sell such stations in the confidential report referenced in Section 4(g) of the Trust Agreements submitted with the Divestiture Applications at six-month intervals until all stations held by MST are sold.

12. *Pending Application.* Cumulus currently has pending before the Commission a number of applications for new FM translator stations filed in Auction 100,³² including one that remains mutually exclusive with other applicants.³³ Section 1.2105(b)(2) of the Rules provides that an auction applicant that undertakes a major change, including a change of ownership that would constitute an assignment or transfer of control, after the short-form application deadline will be disqualified from participating in bidding.³⁴ Accordingly, to the extent that this application remains pending after the transaction approved here has been consummated, it is subject to dismissal.

IV. CONCLUSION

13. We have reviewed the proposed transfer, the applications for its approval, and related comments. We conclude that the applicants are fully qualified and that grant of the Transfer Applications and the Divestiture Applications, subject to the conditions set forth herein, complies with all pertinent statutory and regulatory requirements (including the local radio ownership provisions of Section 73.3555(a)(1) of the Rules³⁵ in each pertinent market) and will serve the public interest, convenience, and necessity.
