Facility ID No. 143744
File No. BLFT-20151120AGX

Dear Sir:

We understand that you recently acquired the license for W275BD, Greenfield, Indiana (Translator), from Indiana Community Radio Corp.¹ Enclosed please find copies of a Memorandum Opinion and Order² and a letter that address complaints that the Translator is interfering with listener reception of a WXCH(FM), Columbus, Indiana. These complaints were filed prior to your acquisition of W275BD.³

As the Translator's current licensee, New Beginnings Movement, Inc. (New Beginnings) is responsible for adhering to both decisions and taking the steps discussed in the Letter. The Letter requires these steps to be taken within 30 days. However, because the Letter was not sent to New Beginnings initially, we will permit New Beginnings to take these steps within 30 days of the date of this letter. Please note that, pursuant to the Letter, if New Beginnings "fails to fully resolve and satisfactorily document its resolution of the interference experienced by these complainants," we will "take whatever actions are necessary to eliminate the interference."⁴

Sincerely,

Albert Shuldiner
