Dear Mr. Manarchuck,

I am pleased to report that WFSI (AM), licensed to Baltimore, MD, (FIN: 43864) for which the below Engineering STA was issued has had its transmitter repaired.

Therefore, WFSI is now operating according to its license and the attached Engineering STA (WFSI AM BSTA-20180705AAT) granted 7/06/2018 is no longer required. A confirmation of receipt of this message would be appreciated.

Thank you,

Good morning Jennifer,

As you probably have already learned, the FCC Audio Division granted the STA request to operate WFSI (AM), Baltimore, MD, with reduced power during daytime hours and to take the station silent at night.

The FCC letter granting the STA is attached.

Please note that the STA expires **January 2, 2019**. If the station is not back in operation with its licensed facilities by that date, Family will need to file for an extension of the STA.

Best regards,
Matt McCormick
