Re:

Entercom License, LLC (Entercom)

WMC(AM), Memphis, TN

Facility Identification Number: 19185 Special Temporary Authority (STA)

BESTA-20180810AAS

Dear Mr. Kennedy:

This is in reference to the request filed on August 10, 2018. Entercom requests an extension of the STA granted on July 18, 2016, to continue operating from the licensed site with parameters at variance to allow time to file the required FCC Form 302 application. In support of the request, we noted that Entercom indicated it plans to file the application in the upcoming months to update all operating parameters.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway:
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is HEREBY GRANTED, and Entercom may continue to operate ND with a maximum of 5 kW (day) and 1.25 kW (night) using its

¹ WMC(AM) is licensed for operation on 790 kHz with 5 kW day (ND) and night (DA).

licensed daytime antenna (or the auxiliary antenna specified below), or at night with DA parameters at variance and reduced power (if needed) to maintain monitor points within licensed limits:

Entercom must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR 1.1310.

This authority expires on March 13, 2019.

Sincerely,

Joseph Szczesny, Engineer

Audio Division Media Bureau
