Re: New DTV Station on Ch. 8, Galesburg, Illinois
Facility ID No. 81946
File No. BPCDT-19951215KK
Request for Tolling

Dear Counsel:

This concerns your June 17, 2010 letter filed on behalf of Northwest Television, Inc, permittee of a new digital television station on Channel 8 at Galesburg, Illinois, requesting that the expiration date for the digital television construction permit for the station be tolled. For the reasons set forth below, we grant your request and toll the expiration of the station's digital construction permit.

The subject digital construction permit was granted on July 20, 2007, and would have expired on July 20, 2010. You state that the station qualifies for tolling due to administrative delay. Specifically, you note that the construction permit was tolled due to the filing of a petition for reconsideration. You state that the petition was filed on August 20, 2007 and was denied on February 17, 2010. Accordingly, you request that the subject construction permit be tolled and the construction period be extended by two years, five months and twenty-nine days to August 16, 2012.

On June 13, 2009, the Commission began applying the tolling provisions of Section 73.3598 of the Commission's rules to DTV construction deadlines occurring after June 12, 2009. See *Implementation of DTV Delay Act*, Second Report and Order and Order and Notice of Proposed Rulemaking, FCC 09-11, released February 20, 2009. Section 73.3598 provides that a construction permit deadline may be tolled under specific circumstances, such as acts of God or delays due to administrative or judicial review. We find that the instant construction permit was subject to administrative delay which allows for tolling of the construction deadline. Therefore, the digital construction deadline should be tolled until August 16, 2012.

The above facts considered, the tolling request of Northwest Television, Inc. IS GRANTED and the DTV construction deadline (File No. BPCDT-19951215KK) for a new digital television station on Channel 8 at Galesburg, Illinois IS TOLLED until August 16, 2012.

Sincerely,

Clay C. Pendarvis
Associate Chief, Video Division
