Subject: Kittitas County Tax District filing error

Hossein:

Good afternoon. In my haste to help out as many translator districts around our region transition to digital, I made an error in one filing for the Kittitas County Tax District. I filed five "license to cover" applications, however I neglected to hold back K38KL-D as the District is having site lease issues regarding that entity and has not yet build it out.

The error was mine, not the District's. I have attached the License which was issued by you on May 8th.

What additional documentation does your Division need in order to properly rescind this license for the present?

Respectfully,

Tim

End of E-mail

Per your e-mail request as shown above, the above referenced digital license application grant has been rescinded and IS HEREBY DISMISSED.

Sincerely
