In re: NEW(FM), Miami, FL
BNPFT-20181105ACF
Facility ID No. 202998

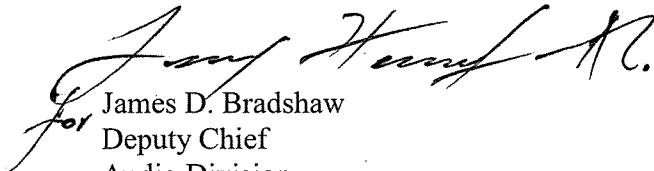

Dear Applicant:

This letter refers to the above-captioned new translator application for applicant WRHC Broadcasting Corporation.

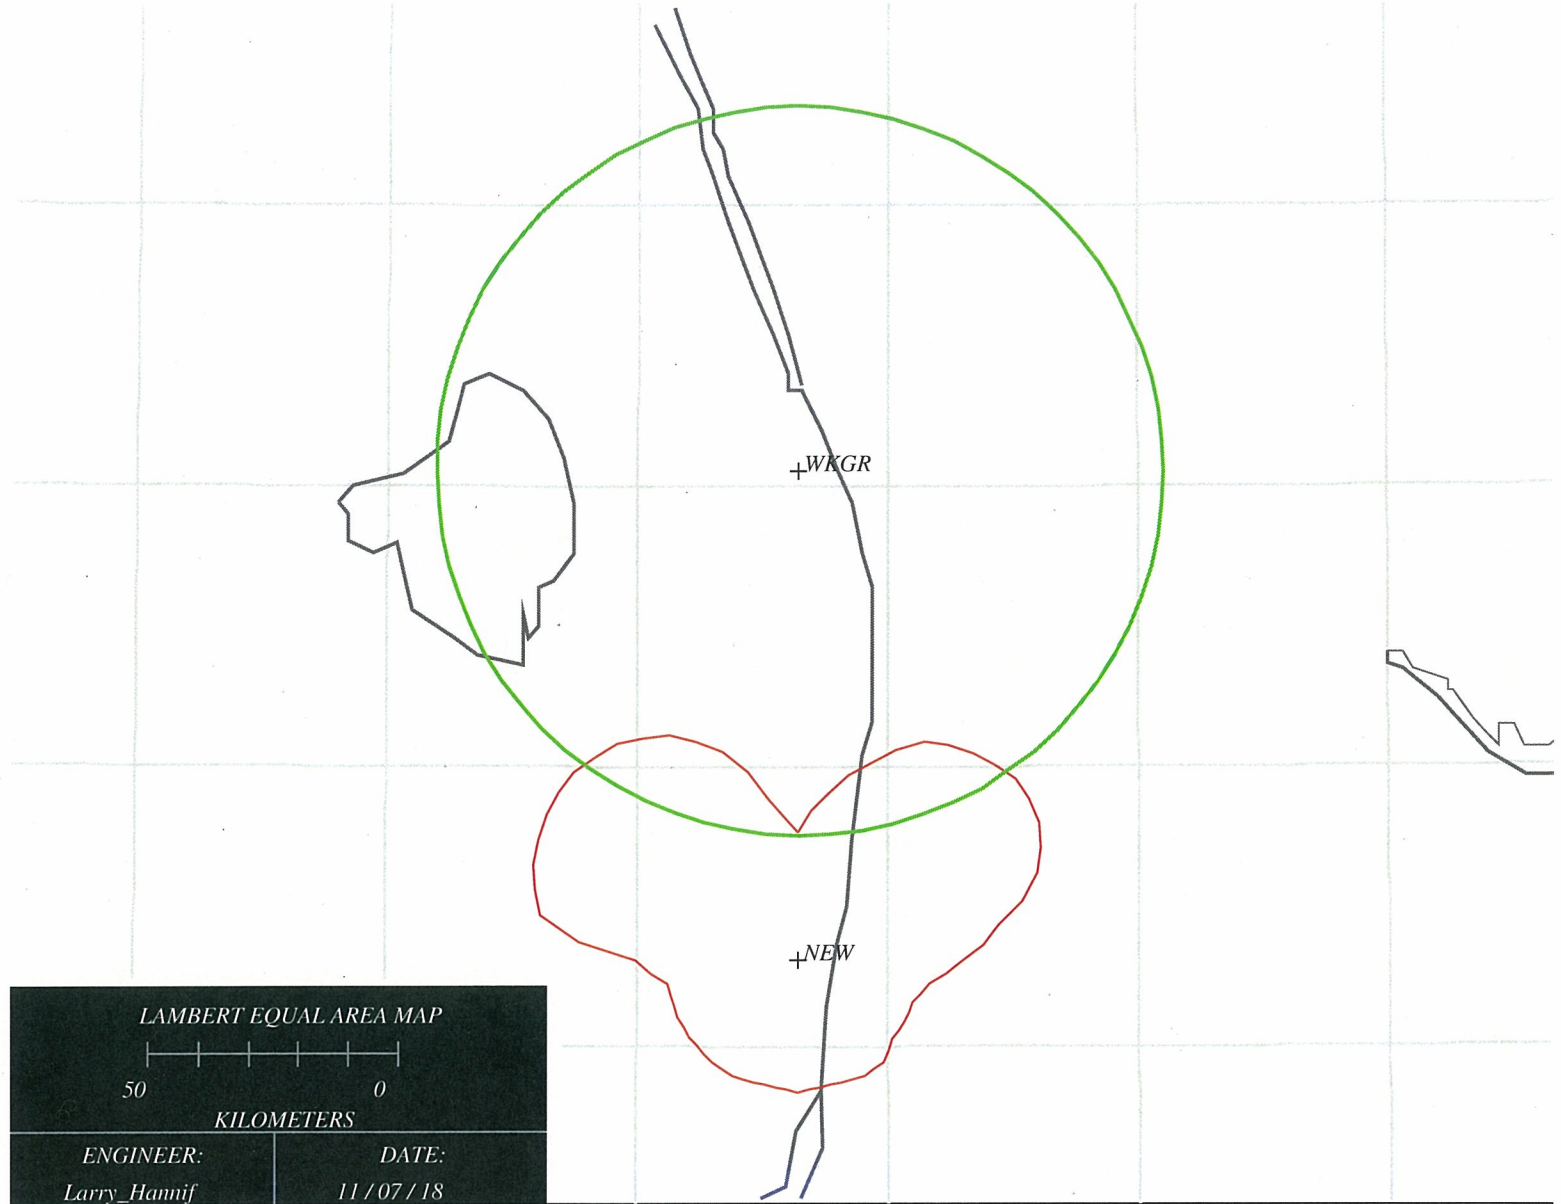

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 74.1204(a) with respect to co-channel station WKGR(FM) (BLH-20100122ABH), Wellington, FL. Section 74.1204(a) states that an application for an FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. Specifically, the proposed interfering contour (40 dB μ) will cause prohibited overlap to the protected contour (60 dB μ) of BLH-20100122ABH. Accordingly, the application fails to demonstrate compliance with 74.1204(a) and will be dismissed.

In light of the above, the application BNPFT-20181105ACF filed by WRHC Broadcasting Corporation, is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

for James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau

No topographic data is available for this location.

A1 - Number of radials where free space equation was used for field strength calculations.

A7 - Number of radials where a HAAT less than 30 meters was adjusted to 30 meters.
