As Debtor in Possession
WIOD(AM), Miami, FL
Facility Identification Number: 14242
Special Temporary Authority (STA)
BESTA-20181105AAZ

Dear Mr. Walls:

This is in reference to the request filed on November 5, 2018. CCBL requests a further extension of the STA originally granted in 1981 to continue operating using alternate 10 kW patterns to overcome Cuban interference.¹

Accordingly, the request for extension of the STA is hereby GRANTED, and CCBL may continue to operate with the 10 kW patterns specified in BMML-20170426ACK using the licensed towers. CCBL must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commissions exposure guidelines. See 47 CFR § 1.1310. CCBL must resume the licensed 5 kW operation if the Cuban interference ceases, or upon official notice from the Commission. This authority expires on **May 26, 2019**.

Sincerely,

Joseph Szczesny, Engineer

¹ WIOD is licensed for DA operation on 610 kHz with 5 kW using different patterns (day and night), and the pending application (BP-20170406ADD) proposes changing the site and patterns.
