Subject: KWXW BSTA-20181217AAA DISMISSED 12/17

Your December 17, 2018 request for Special Temporary Authority (STA) request is DISMISSED. No STA operation is authorized.

The STA seeks use of a tower with an Antenna Structure Registration Number (ASRN) of 1237043. However, the ASR database shows that this tower was dismantled in October 2003: see <http://wireless2.fcc.gov/UlsApp/AsrSearch/asrRegistration.jsp?regKey=2635236>

STAs are not appropriate where new tower construction is required. You must file a construction permit application on FCC Form 301 and receive a granted construction permit (after FAA approval is received), before any construction may commence.
