Re: KOLJ-FM, Warroad, MN
We Have This Hope Christian Radio, Inc.
Facility Identification Number: 175404
Special Temporary Authority
BLED-20170712AAA

Dear Mr. De La Hunt:

As you are well aware, the above-captioned license application is not presently grantable since the 60 dBu contour created by the measured directional antenna pattern fails to cover the community of license, Warroad, MN (50% coverage is required). This deficiency was referenced in my e-mail of July 27, 2017 (copy saved in CDBS), and that e-mail granted limited program test authority with a 30 day limit for providing corrective action. That date passed without a filing for KOLJ-FM.

Since that time we have tried informally and repeatedly to get the necessary information from you that would make this facility licensable, with no result. Consequently, we serve notice that on January 5, 2018, license application BLED-20170712AAA will be dismissed, and KOLJ-FM will be required to then cease operation with such facilities. No extension will be granted, save only where the required corrective information is on file and awaiting Commission review.

Sincerely,

Dale Bickel
Senior Engineer
Audio Division
Media Bureau
