BPL-20181205AAX

Dear Applicant:

The above-captioned application for a minor change to a licensed facility proposes to change channels from 300L1 to 294L1. The *Second Report & Order* in MM Docket 99-25 established the definition of a "minor change" as it applies to LPFM applications.<sup>1</sup> The Commission stated that minor changes of LPFM stations may include changes of frequencies to adjacent or IF frequencies or, upon a technical showing of reduced interference, to any frequency. The application does not provide a technical showing of reduced interference. Therefore, the instant application specifying a non-adjacent channel change without a technical showing of reduced interference violates Section 73.870(a)(1) of the Commission's Rules.<sup>2</sup>

In light of the above, application BPL-20181205AAX IS HEREBY DISMISSED. This action is taken pursuant to Section 0.283 of the Commission's Rules.<sup>3</sup>

Sincerely,

James D. Bradshaw  
Deputy Chief  
Audio Division  
Media Bureau
