Subject: WMYZ BLED-20190213AAA Program test Authority granted 2/14/2019

Program test authority is granted February 14, 2019 for WMYZ (Facility ID 27291) to operate with the facilities authorized in construction permit BPED-20180117ACL, at the authorized maximum effective radiated power (ERP) of 35 kW (directional).

Further processing will be held in abeyance while we await the completion of measurements on WVLG (AM), as required by the 11th condition on construction permit BPED-20180117ACL.
