RE: 1TV.Com / Station KIKO-FM, Claypool, Arizona

Dear Ms. Dortch:

1TV.Com, the licensee of Station KIKO-FM, Claypool, Arizona [Facility ID [11894], through its counsel and pursuant to Section 73.1560(d) of the Commission's rules, hereby notifies the Commission that the station is operating with reduced power due to a temporary interruption resumed operation with its facilities using its authorized power of 670 watts as of March 17, 2014. However, the station has not been able to replace all of its damaged equipment. A new ERI Antenna is on order, but the Licensee still has not received it. In the meantime, the station is operating with a temporary Jampro Dipole Antenna and at full authorized power. Station KIKO-FM was forced to reduce its operating power on or about March 17, 2014.

1TV.Com on March 19, 2015 filed a Resumption of Operations with the same explanation above with the CDBS system. That might be where there is confusion, since an extension STA and a Resumption of Operations were filed within a few days of each other.

An extra copy of this transmittal letter is enclosed, as well as a pre-addressed, stamped envelope. Please confirm your receipt of the filing of this notification by date stamping the extra copy of this transmittal letter and returning it to the undersigned counsel.

Should additional information be desired concerning this notification, please contact the undersigned counsel.

1TV.Com, Inc.
