Re: Glenn Cherry (Cherry)
WPUL(AM), South Daytona, FL
Facility Identification Number: 53704
Special Temporary Authority (STA)
BESTA- 20190315AAR

Dear Mr. Cherry:

This is in reference to the request filed on March 15, 2019. Cherry requests a further extension of the STA granted on February 10, 2015, as modified to continue operating at an alternate site to allow time to file the required FCC Form 302 application.¹ In support of the request, we note that the application to cover BP-20180907ADW has not yet been filed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and Cherry may continue to operate with the facilities shown below:

¹ WPUL(AM) is licensed for ND operation on 1590 kHz with 1 kW (day) and 0.32 kW (night), and BP-20180907ADW authorizes a change in site, tower height, efficiency, and nighttime power.

Geographic coordinates	29° 12' 07" N, 81° 01' 29" W (NAD 1927)
Frequency	1590 KHz
Hours of operation	Unlimited
Operating power	0.25 kW day, 0.32 kW night
Antenna type	Existing 24 meter tower
Antenna efficiency	Unknown

Cherry must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **September 24, 2019**.

Sincerely,

A handwritten signature in blue ink, consisting of a large loop followed by a series of smaller loops and a long horizontal stroke.

Joseph Szczesny, Engineer
