AGREEMENT FOR ONGOING OPERATIONS

Salem Communications Holding Corporation, the licensee of radio stations KYCR(AM), FCC Facility ID No. 35504 ("KYCR") and KDIZ(AM), FCC Facility ID 10828, ("KDIZ") recognizes that use of the diplex site they share requires joint cooperation and coordination including occasional disruption of normal operation. Accordingly, both stations agree:

- 1 - To provide adequate notice to the other when work is required which will require a reduction in power or mode of operation.
- 2 - In the unlikely event that a failure should occur in the diplex system, the parties recognize that non-directional operation may be required until the system is repaired. KDIZ, as owner of the system, agrees to make repairs, and return of the system to normal operation, its highest priority, and at KDIZ's expense.
- 3 - Upon final implementation of the KYCR and KDIZ facilities, all measurements, adjustments and FCC filings having been satisfactorily performed, KYCR and KDIZ will continue to operate independently of each other in terms of maintenance of their respective transmitters, monitoring, audio and remote control and day-to-day operation of the diplex and directional antenna equipment. Each station will be required to maintain the equipment in the direct path between its transmitter and towers in good repair and in accordance with all applicable FCC rules and regulations.
4. To adhere to a worker safety plan for the diplex site.
5. This agreement may be filed with the FCC by either party hereto.
6. If either party obtains FCC approval to assign the license of its radio station that is involved in the diplex operation, that party may assign this Agreement to the assignee of that license.
