In re: KZLZ (FM), Casas Adobes, AZ
KZLZ, Inc.
Facility ID No. 72656
Application BPH-20070118AEX, as amended

Dear KZLZ:

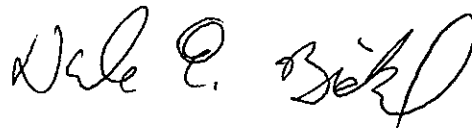

Application BPH-20070118AEX, as amended November 13, 2007, proposed to change the community of license for KZLZ from Kearney, AZ to Casas Adobes, AZ and make technical changes.

By letter dated April 21, 2008, the staff dismissed contingent application BP-20071113AFN for KHIL (AM). That application had sought to change KHIL's community of license from Willcox, AZ to Kearney, AZ, increase daytime power, and eliminate the licensed nighttime facility.

As the November 13, 2007 amendment to KZLZ's application BPH-20070118AEX was filed contingent with KHIL's application BP-20071113AFN, the application is subject to the processing requirements in 47 CFR Section 73.3517(e). That rule requires that if one of the contingent applications is dismissed, the remaining contingent applications are likewise dismissed. As KHIL's November 13, 2007 application was dismissed on April 21, 2008, so KZLZ's contingent application BPH-20070118AEX (as amended November 13, 2007) IS ALSO DISMISSED.

This action is taken pursuant to 47 CFR Section 0.283. Please note that we have not performed a complete analysis on KZLZ's application that could reveal additional deficiencies that would preclude acceptance.

Sincerely,

Dale E. Bickel
Senior Engineer
