MEMORANDUM OPINION AND ORDER

Adopted: April 24, 2019

Released: April 24, 2019

By the Chief, Audio Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (Bureau) has under consideration the captioned assignment and transfer of control applications, as amended, (Assignment Applications, Transfer Applications and Divestiture Applications, respectively, as appropriate)¹ filed by wholly-owned subsidiaries of iHeart Media, Inc., Debtor-in-Possession (iHeart).² The Assignment Applications and one Transfer Application request Commission consent to implement the Joint Plan of Reorganization of iHeart Media, Inc. and its Debtor Affiliates pursuant to Chapter 11 of the Bankruptcy Code³ by which iHeart and certain of its direct and indirect subsidiaries will emerge from bankruptcy as reorganized entities. Each of the Assignment and Transfer Applications requests Commission consent to the assignment or transfer of control of iHeart license subsidiaries from the current ownership as debtors-in-possession to reconstituted entities owned by the new shareholders of iHeart (Reorganized iHeart) in connection with the Reorganization. The Commission has received no petitions to deny or informal objections to the Applications.

II. BACKGROUND

2. *The Transaction.* Under the Plan, iHeart proposes to cancel existing debt of iHeart and to issue, in exchange therefor, among other things, securities in Reorganized iHeart, which securities shall consist of a combination of (i) Class A Common Stock, which will entitle holders to vote for directors of

¹ The Assignment Applications and Transfer Applications were filed on October 9, 2018 and accepted for filing on October 12, 2018. *See Broadcast Applications*, Public Notice, Report No. 29340 (Oct. 12, 2018). The Divestiture Applications were filed on October 26, 2018 and accepted for filing on October 31, 2018. *See Broadcast Applications*, Public Notice, Report No. 29353 (Oct. 31, 2018). A list of the stations that are the subject of the proposed transfers and assignments and, for each, its call sign, community of license, facility ID number and assignment or transfer application file number, is attached as the Appendix.

² *See* 47 U.S.C. § 310(d).

³ *See* Assignment Applications, Attachment 5, and Transfer Application, Attachment X, Fifth Amended Joint Plan of Reorganization of iHeart Media, Inc. and its Debtor Affiliates Pursuant to Chapter 11 of the Bankruptcy Code (Joint Plan) and Supplements thereto. The United States Bankruptcy Court for the Southern District of Texas approved the Joint Plan on January 22, 2019. *iHeart Media, Inc. et al.*, Findings of Fact, Conclusions of Law, and Order Confirming the Modified Fifth Amended Joint Chapter 11 Plan of Reorganization of iHeartMedia, Inc. and its Debtor Affiliates Pursuant to Chapter 11 of the Bankruptcy Code, Case No. 18-31274 (MI) (Bankr. S.D.TX, entered Jan. 22, 2019) submitted in Attachment 5 of the Assignment Applications and Attachment 7 of the Transfer Application.

Reorganized iHeart; (ii) Class B Common Stock, which will not entitle holders to vote for directors of Reorganized iHeart and is intended to be non-attributable for purposes of the Commission's ownership and attribution rules; and (iii) Special Warrants which will be exercisable for common stock of Reorganized iHeart subject to certain conditions. Upon iHeart's emergence from bankruptcy, all of the existing capital stock of iHeart will be cancelled, and all of the new stock will be distributed to holders of debt and other creditors of iHeart and/or their designees. Following the consummation of the transactions involved here, no single person or entity, or group of commonly-controlled persons or entities, will hold a controlling interest in Reorganized iHeart;⁴ iHeart also states that no person or entity other than iHeart, its license-holding subsidiaries, its other iHeart subsidiaries, and the listed officers and directors will hold an attributable interest in the reconstituted iHeart.

3. iHeart currently exceeds the local radio ownership rule limit in Section 73.3555(a)(1) of the Commission's rules (Rules)⁵ in two markets.⁶ iHeart's ownership of those stations is grandfathered pursuant to Note 4 of Section 73.3555.⁷ Note 4 permits existing over-limit station combinations to continue until certain events occur, in which case grandfathering terminates and the licensee must come into compliance with the multiple ownership limits of Section 73.3555(a).⁸ The filing of a long-form transfer of control application, such as the Transfer Applications, is one of these triggering events.⁹ In order to comply with the local radio ownership rule, the Parties have filed the Divestiture Applications seeking consent to the assignment of the licenses of Stations KSNR(FM), Fisher, Minnesota and WHFX(FM), Darien, Georgia (Trust Stations) to the Sun and Snow Station Trust LLC (SST). iHeart also requests that any Commission approval of the Transfer Applications include authority for the shareholders of Reorganized iHeart to acquire control of: (1) any authorization issued to iHeart or its subsidiaries relating to their broadcast businesses while the Transfer Applications are pending before the Commission and during the period required for consummation of the Transfer of Control; and (2) any applications filed by iHeart or its subsidiaries relating to their broadcast businesses that are pending at the time of consummation. It claims that such action would be consistent with prior Commission decisions.¹⁰

III. DISCUSSION

4. Section 310(d) of the Act provides that no station license shall be transferred or assigned until the Commission determines that the public interest, convenience, and necessity will be served.¹¹ In

⁴ iHeart indicates that, upon consummation of the Plan, the board of directors of Reorganized iHeart will consist of seven voting members, Applications, Comprehensive Exhibit, at 4 and Attachment B. Those seven directors are, at present: Kamakshi Sivaramakrishnan; Sean Mahoney; Brad Gerstner; Gary Barber; Jay Rasulo; Robert W. Pittman (Chairman, also Chief Executive Officer of iHeartMedia, Inc.); and Richard J. Bressler (also President, Chief Operating Officer, and Chief Financial Officer of iHeartMedia, Inc.)

¹¹ Section 310(d) requires that the Commission consider any such applications as if the proposed transferee were applying for the licenses directly. 47 U.S.C. § 310(d). *See, e.g., SBC Communications Inc. and AT&T Corp. Applications for Approval of Transfer of Control*, 20 FCC Rcd 18290, 18300, para. 16 (2005) (*SBC-AT&T Order*).

making this assessment, the Commission must first determine whether the proposed transaction would comply with the Act, other applicable statutes, and the Rules.¹² If the Commission is unable to find that the proposed transaction serves the public interest, or if the record presents a substantial and material question of fact, Section 309(e) of the Act requires that the applications be designated for hearing.¹³

5. We have reviewed the proposed transaction, the Applications, and related comments. We conclude that the applicants are fully qualified and that grant of the Assignment and Transfer Applications and the Divestiture Applications, subject to the conditions set forth herein, complies with all pertinent statutory and regulatory requirements (including the local radio ownership provisions of Section 73.3555(a)(1) of the Rules¹⁴ in each pertinent market) and will serve the public interest, convenience, and necessity.

6. *Divestiture Trust Stations.* To ensure compliance with the local radio ownership rule, we impose a condition requiring that iHeart's assignment of the Trust Stations to SST pursuant to the Divestiture Applications occurs prior to or simultaneously with the consummation of the transfer of control. Additionally, we require SST to assign the licenses of the two trust stations to an unaffiliated buyer within two years and to provide the Commission with a detailed explanation of its efforts to sell such stations in the confidential report referenced in Section 4(g) of the Trust Agreements submitted with the Divestiture Applications at six-month intervals until all stations held by SST are sold.

7. *Pending Applications.* iHeart currently has pending before the Commission a number of applications for new FM translator stations filed in Auction 100,¹⁵ including five that remain mutually exclusive with other applicants.¹⁶ Section 1.2105(b)(2) of the Rules provides that an auction applicant that undertakes a major change, including a change of ownership that would constitute an assignment or transfer of control, after the short-form application deadline will be disqualified from participating in bidding. Accordingly, to the extent that these applications remain pending after the transaction approved here has been consummated, they are subject to dismissal. Additionally, one iHeart Auction 100 application is subject to a petition to deny.¹⁷
