Re: Walco Enterprises, LLC (Walco)
WHNR(AM), Cypress Gardens, FL
Facility Identification Number: 21766
Special Temporary Authority (STA)
BESTA-20190502AAR

Dear Mr. Waller:

This is in reference to the request filed on May 2, 2019. Walco requests a further extension of the STA granted on May 18, 2010, to continue ND operations to allow time to file the required FCC Form 301 application.¹ In support of the request, we noted that Walco did not replace the collapsed tower or file the application to propose a new permanent facility over the past six months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and Walco may continue to operate ND with one of the remaining towers using a maximum of 1.25 kW day and 0.625 kW night. Walco must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. Walco must file an FCC Form 302 application to update all operating parameters if simply planning on replacing the collapsed tower with an exact duplicate. Otherwise an FCC Form 301 application

¹ WHNR(AM) is licensed for DA operation on 1360 kHz with 5 kW day and 2.5 kW night.

must be filed to modify the licensed facility to make any other desired changes.

This authority expires on **November 20, 2019**.

Sincerely,

A handwritten signature in blue ink, consisting of a large loop on the left and several smaller loops and a long horizontal stroke on the right.
