Re: J&V Communications, Inc. (JVC)  
WPRD(AM), Winter Park, Florida  
Facility Identification Number: 29341  
Special Temporary Authority (STA)  
BESTA-20190614AAC

Dear Ms. Torrado:

This is in reference to the request filed on June 14, 2019. JVC requests a third extension of the STA granted on January 30, 2018, to continue operating ND at night to allow time to locate/fabricate all required parts in order to complete repairs.<sup>1</sup> In support of the request, JVC stated that additional time will be required to resolve all problems before it can resume licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and JVC may continue to operate ND using the daytime tower with a maximum of 5 kW day and 0.25 kW

---

<sup>1</sup> WPRD(AM) is licensed for operation on 1440 kHz with 5 kW day (ND) and 1 kW night (DA).

at night. JVC must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. JVC must submit an e-mail to my attention to certify the date the station resumed licensed operations per BZ-19940715AB with negligible changes.

This authority expires on **January 11, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
