Re: Sagitarus Communications, LLC (SC)  
WYCL(AM), Niles, OH  
Facility Identification Number: 73308  
Special Temporary Authority (STA)  
BESTA-20190703AAC

Dear Mr. Cintron:

This is in reference to the request filed on July 3, 2019. SC requests an extension of the STA originally granted on February 13, 2013, and last modified on July 13, 2018, to continue ND operations to allow time to determine what type of application will be filed in order to resume licensed operations.<sup>1</sup> In support of the request, SC states that it may file an FCC Form 301 application (instead of completing repairs and filing an FCC Form 302 application to update all operating parameters).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is hereby GRANTED, and SC may

---

<sup>1</sup> WYCL(AM) is licensed for DA daytime only operation on 1540 kHz using 0.5 kW.

continue to operate ND daytime using the center tower with a maximum of 0.125 kW. SC must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 24, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.

Joe Szczesny, Engineer
