Re: La Promesa Foundation (LPF)
WDWR(AM), Pensacola, FL
Facility Identification Number: 21773
Special Temporary Authority (STA)
BESTA- 20190705AAB

Dear Mr. Oswald:

This is in reference to the request filed on July 5, 2019. LPF requests an extension of the STA granted on November 18, 2016, to operate using the facilities specified in BP-20170213AAN to allow time to file the required FCC Form 302 application.¹ In support of the request, LPF stated that it plans to file the application soon.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is hereby GRANTED, and LPF may continue to operate using the facilities specified in the construction permit until the new license

¹ WDWR(AM) is licensed for ND operation on 1230 kHz with 1kW (day and night), and BP-20170213AAN authorizes a correction in coordinates, tower height, efficiency, and a reduction in power to 0.79 kW (which expires on April 25, 2020).

application has been granted. LPF must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **January 25, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke extending to the right.
