Re: Liberman Broadcasting of Dallas License LLC
Debtor in Possession
KZMP(AM), University Park, TX
Facility Identification Number: 63551
Special Temporary Authority (STA)
BESTA-20190729AAM

Dear Mr. Liberman:

This is in reference to the request filed on July 29, 2019. LBDL requests an extension of the STA granted on June 5, 2017, to continue operating with reduced nighttime power using a temporary transmitter to allow time to complete all remaining repairs.¹ In support of the request, LBDL states that it plans to rebuild the antenna system next month with equipment ordered from Kintronics.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

¹ KZMP(AM) is licensed for DA operation on 1540 kHz with 32 kW day and 0.75 kW night, using different patterns.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and LBDL may continue to operate with nighttime DA parameters at variance and reduced power while maintaining monitor points within licensed tolerances (with no change to the daytime licensed operation). LBDL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. LBDL must file an FCC Form 302 application to update all operating parameters or submit an e-mail to my attention to certify the date the station resumed licensed operations per BL-20020809ABT (with negligible changes).

This authority expires on **February 14, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.
