Re: WRVS-FM, Elizabeth City, NC (Fac. ID 19249)  
Reduced Power Notification

Dear Ms. Dortch,

On or around July 23, 2019, a lightning strike at WRVS-FM's transmitter site caused equipment damage. The station is operating at approximately 25% power or 10.25 kw ERP. The licensee has sent the damaged equipment off-site for repairs. If the station does not return to full, authorized operation within 30 days, the licensee will file a request for Special Temporary Authority.

If any questions should arise during your consideration of this matter, it is respectfully requested that you communicate directly with this office.

Sincerely,

Elizabeth Spainhour  
Counsel to Elizabeth City State University
