BPED-2724
BPED-840329BV

Gentlemen:

This concerns the above-referenced construction permits.

Section 73.3699 of the Commission's Rules provides, in pertinent part, that a construction permit shall be automatically forfeited if the station is not ready for operation within the time specified therein or within such time as the Commission may have allowed for completion.

Your construction permit (BPED-2724) was granted on October 28, 1981 and expired on October 28, 1982. This expired permit was replaced by BPED-840329BV on April 13, 1984 and was to have been completed by October 13, 1984.

To date, no FCC 302 license application has been filed to cover this construction, nor has an FCC Form 307 application requesting extension of time to construct been received.

In view of the above, and in accordance with Section 73.3599 of the Commission's Rules, construction permit BPED-2724 IS HEREBY CANCELLED and the call sign KJLC IS HEREBY DELETED.

Sincerely,

Dennis Williams
